Forecast for today, Thursday 09.04.2026

Sun and high clouds

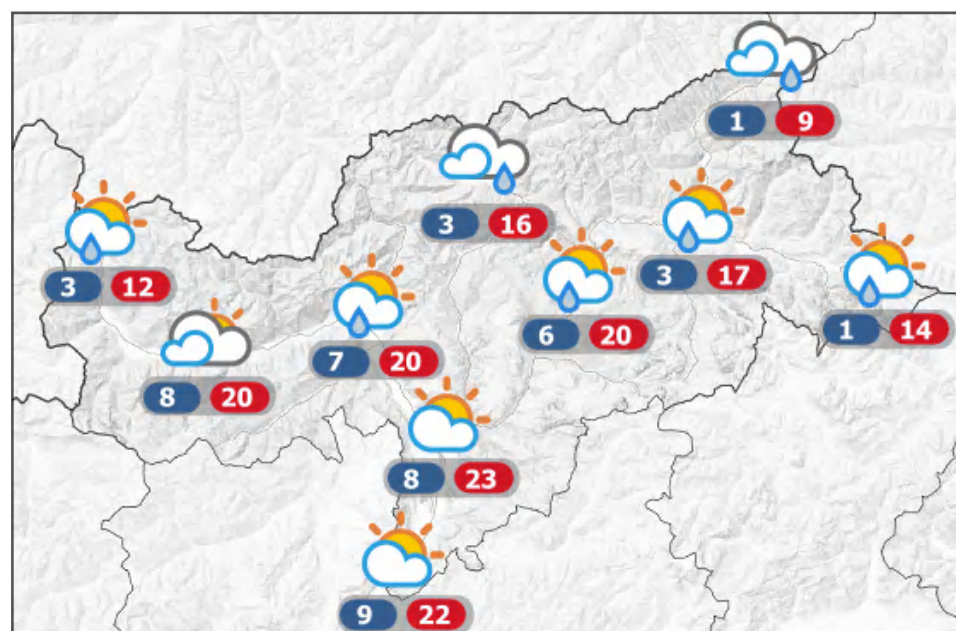

Reliability: 80 %

Forecast for today

Atmospheric pressure will tend to fall and the air masses will become more humid. It will be mainly sunny. Some high clouds will drift in from the north-west, which may become thicker at times. The Föhn wind will continue to blow in the northern valleys. Maximum temperatures are from 20°C to 26°C.

Forecast for tomorrow, Friday 10.04.2026

More clouds

Reliability: 70 %

Forecast for tomorrow

A weak cold front will reach the Alps. A Föhn wind will blow on the southern slopes. Cloud cover will increase from the north during the day, with rain over the border ridge. Elsewhere, there will generally be no rain, whilst in the south the weather will be fairly sunny. A north wind will blow in many valleys. Maximum temperatures ranging from 16°C to 25°C.
